The use of high grade stainless steel has the dual benefits of reducing wear to a minimum and guaranteeing long-lasting sharpness. Inox-rusting metallic instrument are free of nickel, anti-allergenic and can be sterilised. This interplay and the intensive cooperation with leading dermatologists guarantees uniform, high quality levels for these kind-to-the-skin instruments and care products.

All of our products are made of high grade steel. **Grade 410:** the basic martensitic stainless steel: like most non-stainless steel it can be hardened by a "quench-and-temper" heat treatment. It contains a minimum of 11.5 per cent chromium.

Grade 420: a higher carbon version of 410: like most non-stainless steel it can be hardened by heat treatment. It contains a minimum of 12 per cent chromium, just sufficient to give corrosion

Polish / Shine Finish

combinations.

Nail & Cuticle Scissors

Made of hot forged special steel, hardened and precisely ground.
Bent, thin and extremely sharp cutting edge for careful and easy
removal of fine nail and cuticle.

Our nail scissors cut nails without crushing or splitting them.

Our cuticle scissors cut even the finest cuticles with perfect precision.

Brilliant quality, excellent functionality and dependably long-lasting.

All nail and cuticle scissors made by Trimax have been carefully hand
honed and individually tested.
